

The background is a solid pink color, densely decorated with various heart shapes and star motifs. Some hearts are solid pink, while others are white outlines. The stars are also in white outlines, with some being simple four-pointed stars and others being more complex, multi-pointed starburst designs. The elements are scattered across the entire page, creating a whimsical and romantic aesthetic.

Christian Thompson

The Respoken Valentine

From Violet to Violet,
From Base to Row,
Here comes the most amazing thing.
The Most Amazing Thing of All
Is IRIS and Ivis' Eve of Hearts
To their Memorial, they honor
Characters with colors pink, red, or white,
And gave one of them an honorable mention.

From Pink Animals like the Pink Panther to Custard the Cat,
The glory of cat characters is valid.
And from Angelica Pickles' cat named Fluffy
To a talking white male cat,

And From the Red Samurai Burger to the Pink Burger,
All colored food that is either pink or red
MUST TASTE GOOD!!!
(And may not last forever!!!)
